

# Reasons for Your Faith

*with Dr Don Hardgrave*

Can we trust the Bible?

Why do good people suffer?

Do Science and the Bible conflict?

Part of the Diploma of Christian Ministry and Theology (30773QLD)

This project aims to strengthen your Christian faith by considering some of the historical evidence for Christianity and learning some important aspects of the evidence for our faith. It will help you understand the reliability of the Bible as the Word of God, the latest in archaeology and the significance of the historical evidence regarding the life and ministry of Jesus Christ. It will also teach the value of personal testimony.

# Project Outline

The benefits and dangers of apologetics

How can I be sure that God exists?

Why does God allow suffering and evil?

Does evolution explain life?

What evidence is there for Jesus outside the gospels?

The resurrection: Hoax or history?

How reliable are the biblical manuscripts?

Do archaeological discoveries confirm the biblical records?

Is Jesus Christ God, as He claimed?

Did the miracles recorded in the Bible actually occur?

Do all religions lead to God?

Isn't the doctrine of hell a denial of God's love?

The Uniqueness of the Christian Experience
